

KIDS MATTER IN 3/4W

In 3/4W we used 'Strength Cards' to help us identify all the great qualities we have as individuals. We discussed how sometimes it is easy to focus on the negative things that happen instead of looking for the positives in people. During our discussion, we also considered how often, when someone gives us a compliment, instead of saying "thankyou" we say "that's not true" or something similar. We are going to practise accepting compliments positively.

We all drew out another class members name and had to think about two great qualities that person has. It feels great when we hear nice things about ourselves from others and also when we give compliments.
