I doubt that there is a school whose vision isn’t focussed on on-going improvement. Teachers and school leaders on the whole are people who are passionate about the work they are undertaking in order to improve the learning outcomes for their students. Here in Victoria all schools undergo a process of review every four years and develop a Strategic Plan for the next four years. It is not difficult to find areas that you want to improve on and as educators we need to continually reflect and learn.

The school’s leadership team attended professional learning workshops led by Vic Zbar, an acclaimed educator himself. We took away from those sessions six areas that schools need to focus on in order to sustain their work and improvements being made. I would like to share them with you and what we as a school are working on in these areas.

1. **Build teaching and learning expertise:**
   - schools work to build teacher capacity around the school’s core priorities
   - schools develop the leadership skills of middle level leadership

   **Here at RMPS we have been working with consultants in our priority areas and have been focussing on providing our leadership team with leadership professional learning**

2. **Structure teaching to ensure all students succeed:**
   - schools develop a structured approach towards teaching and learning
   - they work to improve their understandings of effective strategies
   - they use assessment effectively to plan for teaching and learning

   **At RMPS we have been working toward a whole school approach to the curriculum and continue to provide professional learning around effective teaching strategies**

3. **Use data to drive improvement**
   - schools share and use a rich array of data
   - they shift the focus from inference to evidence

   **Over the past few years RMPS has been working on staff becoming stronger in data literacy with the Professional Learning Teams (PLT) within the school using data to support, challenge and engage students**
4. Have a culture of sharing and responsibility:

- schools have a high level of collegiality
- they have active PLTs who share documentation
- there is a shared belief that they can raise the student learning outcomes

Our school has a strong team ethos with the P-3, 3/4 and 5/6 PLTs released twice a week together for discussion around data and planning for the needs of the students

5. Tailoring initiatives to the direction of the school:

- what they are doing makes sense to the teachers

We have been focussing on the areas that we know we want to see improvement in and that we believe that we as a school need to provide

6. Engender pride in the school:

- schools want everyone in the community to take pride in everything in the school including the buildings and grounds

RMPS was privileged to receive money for two major capital works projects and we need to have an on-going focus on taking care of the special environment and beautiful gardens that many people worked so hard to achieve

Additional Student Banking Person Required

Our current Student Banking Co-ordinator needs some assistance, it doesn’t require a huge amount of time but is very valuable to the School. The School receives payment for each new account opened and commission on monies deposited. There is some administration/computer work required, but nothing difficult. Banking day is Tuesday and processing is usually done on a Wednesday afternoon but we are very flexible.

Please contact Sarah in the Office if you can help out.

What’s Growing in the Robbie Mac Garden?

Welcome back to Term 2, everyone! 😊

During the weeks before the Easter holidays, Gardening Club created bird-repellers, using old CDs, bright sequins and other bits and pieces. You can see these hanging up near the raised beds, in the Junior area. These will become very important as we dig up the old plants in this area that have gone-to-seed and plant new delicious herbs and veggies in these beds, over the next couple of weeks.

We also continued to maintain our garden beds near the gym, giving them a good soaking and used some of the crushed egg shells you have been collecting for us. We also collected even more delicious zucchinis and cherry tomatoes to take home and eat!

If you or your child is interested in helping out with the garden, or you are able to donate any gardening equipment or supplies (or expertise), please speak to Ms Anita Siggins in J4S siggins.anita.a@edumail.vic.gov.au or Mr Tristan Liao in J2L liao.tristan.t@edumail.vic.gov.au

WIPE OUT WASTE!

As part of our focus on sustainability, caring for the environment and school pride we are holding a whole school Wipe Out Waste (W.O.W) day every Thursday!

When planning lunches for W.O.W Thursdays, please help us minimise food and packaging waste by packing a waste-free lunch.

Every piece of packaging that we can save from landfill makes a difference. We appreciate your support to Wipe Out Waste!

ECO TOP TIP!

Let’s say we use a zip-lock bag to pack our sandwich every day. That’s 10c per day, 50c per week. For a family of four, that’s $104 per year!

Compare this to one reusable sandwich container used over the year, which costs around $5 from the supermarket. That’s only 0.002 cents per day!

Our Wipe Out Waste Day is: THURSDAY

Remember to pack a wrapper-free lunchbox!

If you are interested in helping out with our quest to become a more eco-friendly school, please contact Steph Bates J8B, Margie Hardy 56H or Michael O’Donovan 34O
