FROM THE PRINCIPAL CLASS TEAM

Reading: its importance in literacy development

Over the next few weeks we are offering two parent workshops on “Helping Your Child Learn to Read”. I would encourage all parents to attend, especially those with children in the junior school. As parents you are your child’s most influential teacher with an important part to play in all areas of their development. Before children can read and write, they need to learn about sounds, words, language, books and stories. One way you can help support the development of your child’s literacy skills is by reading with them at home.

Reading with your child:

- **Read with your child often** – 10 minutes every day if fact!
- Gives you an enjoyable time with your child as you share an activity, looking at pictures and playing with words
- Helps your child to start to appreciate what books have to offer, and shows that books can give both pleasure and information
- Helps your child learn the sounds of letters in spoken language
- Helps your child understand that stories aren’t coming from you, but from the words on the page – this teaches him about how the printed word works
- Helps your child develop a larger vocabulary, which increases his understanding, pleasure and interest in reading (this is because books offer more unusual words than are used in everyday language or on television)
- Improves your child’s thinking and problem-solving skills
- Can start a conversation about a new concept, an event or something that interests your child.

*Did you know? By the age of 10 most children are learning new words through reading - up to about 10,000 words in Years 3/4 and 80,000 by the end of high school. (Reference: raisingchildren.net.au)*

All three of our ‘Back to School Night’ sessions were well attended this week on the Monday and Tuesday evenings. Parents had the opportunity to meet with their class teacher and our specialist staff, to hear about the key learning areas in the 2015 curriculum and to visit classrooms. I would like to thank the Foundation to Year 6 teachers and the specialist team for preparing and facilitating the sessions. Thanks also to all parents and carers for attending the evenings!

Don’t forget the whole **School Picnic on Thursday 26th February on the oval from 5.00pm**. Please BYO your picnic basket with food and drinks. The Picnic is a great opportunity at the start of the year to meet new families across the school and in your class.

Chess Club is timetabled as a lunchtime activity again this term and will be held in the library on Wednesdays from 1.30-2.30pm. All children from P-6 are welcome to attend classes starting on the 18th February and will need to register online at [www.chessideas.com.au](http://www.chessideas.com.au). Lyndon from Chess Ideas will be taking the classes and will be teaching strategies and skills to the children. Last Monday Lyndon ran a free lunchtime session and it was encouraging to see over 30 children trialling Chess. For further details please refer to form attached.

Amanda Wigg – Assistant Principal
School Council Elections – Information for Parents
School Council Elections 2015

What is a school council and what does it do?
All government schools in Victoria have a school council. They are legally constituted bodies that are given powers to set the key directions of a school within centrally provided guidelines. In doing this, a school council is able to directly influence the quality of education that the school provides for its students.

Who is on the school council?
For most school councils, there are three possible categories of membership:

A mandated elected Parent category – more than one third of the total members must be from this category. Department of Education and Early Childhood Development (DEECD) employees can be Parent members at their child’s school as long as they are not employed at the school.

A mandated elected DEECD employee category – members of this category may make up no more than one-third of the total membership of school council. The principal of the school is automatically one of these members.

DATES TO REMEMBER

Thursday, 12 February
- PFA Meeting in Staffroom – 7:30pm

Friday, 13 February
- J4S Morning Tea at Food Drinkery Café, Banksia Street, Burwood – 9:30am
- J6J Morning Tea at Liquid Café, 866 Canterbury Road, BHS – 9:15am after school drop off
- School Council Nominations Open

Monday, 16 February
- PFA Morning Tea in the School Hall after Assembly

Thursday, 19 February
- Junior School Incursion with Prof Bunsen in the Hall 9:00am – 1:00pm

Friday, 20 February
- School Council Nominations Close
- Helping Your Child Read Parent Information Session – 10:00 – 11:00am in the Library

Monday, 23 February
- Foundation children start full days at School – 9:00 – 3:30pm
- PFA Morning Tea in School Hall after Assembly
- PSD Morning Tea in Staffroom – 9:00 – 10:30am
- JSP & J7S Morning Tea at The Food Republic, 28 Blackburn Road, Blackburn – 11:00am

Thursday, 26 February
- Whole School Picnic on the School Oval – 5:00pm start

Friday, 27 February
- Free Dress Day – Donation Family Size Chocolate Block
- 5/6 Japanese Incursion

Thursday, 5 March
- Curriculum Day

Friday, 6 March
- Curriculum Day

Friday, 13 March
- School Tour – 9:30am
- Young Leaders Day x 18 Years 5/6 Students – 8:00 – 4:00pm
- Helping in the Classroom Parent Information Session in the Library – 9:00 – 10:30am

Saturday, 14 March
- Artists’ Camp Fair

Tuesday, 17 March
- Local Landscapes Excursion to City – Select Year 6 Students

Thursday, 19 March
- Cultural Diversity Week Incursion

Friday, 20 March
- 5/6 Round Robin Day – away from School all day

Notices sent home last week
To: 5/6’s
- National Gallery of Victoria Bushido-Way of the Samurai Incursion Permission Form
- 5/6’s Sovereign Hill Camp Payment Options Form
- Jnr School Helping Your Child Learn to Read / Parent Helpers Form

* Please note – items marked in BOLD require parent response.
** For your convenience, this notice can be printed from the school’s website. Click on Practicalities tab on the Home page, then 2012 Permission Forms and Information Forms.

Lost Property
Attention: All parents / carers

IF YOU WANT YOUR CHILDREN’S BELONGINGS RETURNED they must be labelled and I will return them. Any unlabelled items are either returned to the Uniform Shop for resale, if poor quality these goods are discarded and any unlabelled lunch containers are also discarded. Any Unlabelled Non School uniform will be given to a charity of choice if not claimed.

Jen Walker – First Aid
An optional Community member category – members are co-opted by a decision of the council because of their special skills, interests or experiences. DEECD employees are not eligible to be Community members.

Generally, the term of office for all members is about two years. The term of office of half the members expires each year, creating vacancies for the annual school council elections.

**Why is Parent membership so important?**

Parents on school councils provide important viewpoints and have valuable skills that can help shape the direction of the school.

Those parents who become active on a school council find their involvement satisfying in itself and may also find that their children feel a greater sense of belonging.

**How can you become involved?**

The most obvious way is to vote in the elections, which are held in Term 1 each year. However, ballots are only held if more people nominate as candidates than there are positions vacant. In view of this, you might seriously consider;

- standing for election as a member of the school council
- encouraging another person to stand for election.

**Do I need special experience to be on school council?**

No. What you do need is an interest in your child’s school and the desire to work in partnership with others to help shape the school’s future.

---

**Notice of Election and Call for Nominations**

An election is to be conducted for members of the School Council of:

**Roberts McCubbin Primary School**

Nomination forms may be obtained from the school and must be lodged by:

**4.00 pm on Friday, February 13 2015.**

The ballot will close at:

**4.00 pm on Friday, February 20 2015.**

Following the closing of nominations a list of the nominations received will be posted at the school. The terms of office, membership categories and number of positions in each membership category open for election are as follows:

<table>
<thead>
<tr>
<th>Membership category</th>
<th>Term of office</th>
<th>Number of positions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Parent member</td>
<td>From the day after the date of the declaration of the poll in 2015 to and</td>
<td>4</td>
</tr>
<tr>
<td></td>
<td>inclusive of the date of the declaration of the poll in 2017</td>
<td></td>
</tr>
<tr>
<td>DEECD employee member</td>
<td>From the day after the date of the declaration of the poll in 2015 to and</td>
<td>2</td>
</tr>
<tr>
<td></td>
<td>inclusive of the date of the declaration of the poll in 2017</td>
<td></td>
</tr>
</tbody>
</table>

If the number of nominations is less than the number of vacancies, a notice to that effect and calling for further nominations will be posted in a prominent position at the school.

**Margaret Pickburn**

**Principal**
Art News and Help Request

The Visual Arts program has taken off with an exciting group project. Each class is creating a canvass art piece to be auctioned at the school fair in March. We have chosen a tree theme but each piece is unique in style, medium, colour and shape. The group project has been a great way to start the year highlighting team effort and collaboration to create something for which they can truly be proud.

OUR BASIC OUTLINE FOR THE YEAR:

Term 1: Painting (smock smock smock!)
Term 2: Textiles and construction
Term 3: Clay (hooray for clay!)
Term 4: Drawing

ARTIST IN RESIDENCE

This year we will have Adrian Ward facilitating us with the Artist in Residence program. A mural will be constructed to commemorate the Centenary of WW1.

LOCAL LANDSCAPES:

Once again, 20 year 6 children will be selected to participate in the Local Landscapes project. This is a unique project offered by the NGV (National Gallery of Victoria) in which children will spend some lunch breaks painting a local landscape special to them under the guidance of the art teacher. There is an initial stimulating excursion to the NGV and, of course, a fabulous exhibition of the children’s work at the NGV at the end!

A WORD ON SMOCKS:

Smocks are used ALL YEAR. Paint, clay, texta/marker and glue is not fun to clean out of uniforms. Smocks need to fit. Too big and floppy makes it difficult to do artwork and too small doesn’t cover the clothing well nor allow movement.

Smocks are available EVERYWHERE NOW at the shops (Kmart, Target, Officeworks, Big W, Spotlight…..) An old shirt is perfectly fine but long Daddy shirt sleeves should be cut or need rolling up.

HELP NEEDED

There are many ways you could join in the fun of Art! Especially as the school fair approaches, we will have plenty of mounting, labelling and hanging of children’s art work. This continues throughout the year, as well as preparing materials and assisting in other general ways- every bit helps.

If you would like to help, please introduce yourself at pick up/drop off if you see us in the Art room and we can sort some times that suit you to assist the program.

Much appreciated,

Lena Zappia and Katrina Cassidy
(Visual Arts Teachers)
At RMPS we provide a diverse and exciting Specialist Program which supports the intellectual, physical, social, emotional and creative growth of all our children, where different passions, skills and learnings styles are explored and celebrated.

Library ........................................ Sue McNamara
Literacy Support ............................. Anne Seymour
Literacy Support Year 3-6 ................. Erin Cheung
LOTE (Japanese) ............................. Kelly Vimpani
Performing Arts ............................. Nick Kong
Physical Education ......................... Tim Fearn-Wannan / Jayne McConnell
Reading Recovery / EAL ................. Anne Seymour
Science/Robotics ............................ Melinda Browne
Visual Arts ................................. Lena Zappia / Katrina Cassidy

- All the specialist sessions are of one hours’ duration, with the exception of Japanese where all Junior classes have 30 minute sessions.
- All Specialist sessions are weekly except for Library and Robotics which run on a 2 week back to back timetable. Classes from 3-6 have Library sessions for 2 consecutive weeks while Junior classes have Robotics. Then the following fortnight, 3-6 classes have Robotics, while Juniors have Library.
- Reading Recovery, EAL and Literacy Support have their own timetables which support children’s learning throughout the week.

We need your help with reminding children to return books to the library, ensuring art smocks are at school, and asking your children if anything needs to be taken to the week’s Performing Arts, Japanese, Robotics or PE sessions.

If you have any particular passions for any of our Specialist areas and would like to help out, don’t hesitate to contact us. Any offers of help would be greatly appreciated.

Thank you. The RMPS Specialist Team
PERFORMING ARTS

Performing Arts at Roberts McCubbin not only aims to instil an appreciation of the Arts in students, but also aims to develop learning tools that students can use throughout the other areas of their schooling. Each year level will be participating in a project throughout the term that is designed to help the students develop and explore a variety of techniques to help with their problem solving skills, confidence and creativity.

This term the 5/6’s are creating a radio station. Using the program ‘Garage Band’. Students will be given a ‘Menu’ which will include compulsory and negotiable tasks for them to complete. The final product will be played for the whole school during Term 2.

The 3/4s are exploring how sound can add dramatic and comical flair to their work. They will use a mixture of ICT programs and live sounds to enhance the work that they are developing in class. Students will also explore how other cultures create theatre and will participate in lessons that involve mask and costume.

The Juniors will learn how to be a ‘Classroom Superhero’. Our Superheroes will participate in tasks designed to help them settle into school, how to be a better friend and make the right choices. During this time we will also look at our school values and how we should endeavour to uphold them during class.

First term back is going to be very busy, but I look forward to working alongside both students and parents. I can’t wait to see what we all create.

Nick Kong– Performing Arts Teacher

LIBRARY

LIBRARY: The Library Program immerses the children in a world of words, language - print, digital and illustrative. We encourage the children to view the world of literature with a sense of wonderment and awe, to predict and make connections, to question, and to think creatively and critically about the stories and information we read, in order to enhance their understanding of the world and its possibilities.

In the Library we:

- Seek to inspire children to enrich their lives and learning by reading, listening, wondering, inquiring and reflecting
- Familiarise children with the procedures and operating systems which govern the use of Libraries
- Provide an extensive range of books, both fiction and non-fiction for the children to borrow and read
- Expose children to the different ways stories have been told historically, and how they still help us make sense of the world
- Promote our school’s inquiry approach to learning
- Support the school’s Literacy Program by focusing on the reading and discussion of a variety of appropriate texts and genres, using the comprehension strategies practised in the classroom
- Challenge children to think beyond the literal meaning to consider the inferential aspects contained in the text, which help us to better understand the author’s message and purpose
- Encourage the notion that we can all be readers and reviewers, as well as authors and illustrators
- Further develop our Learning Skills so we are better Thinkers, Collaborators, Researchers, Communicators and Self-Managers

Sue McNamara- Library Teacher and Ros Cordiner- Library Technician
ROBOTICS

Robotics is a relatively new inclusion in the Primary curriculum and your children are very lucky to have it here at Roberts Mc Cubbin. LEGO Robotics is a hands on, multidisciplinary, collaborative, authentic learning experience designed to provide meaningful and engaging learning opportunities for our students in an educational environment based on team work that nurtures creativity and innovation, preparing them for a world of increasing technological change.

Robotics serves as a vehicle to teach students about Language, Mathematical skills, and Physical science such as structures, forces, gears, levers, pulleys, sensor control and other simple mechanisms.

Our innovative robotics-based engineering curriculum has a strong programming component, which contains a deliberate progression of programming concepts starting in the Junior school and continuing every year to year 6.

**Junior students** program using “BeeBot” robots.

BeeBots are floor robots designed for use by young children. They are colourful, easy-to-operate, and are a perfect tool for teaching sequencing, estimation, problem-solving, directional language and programming. BeeBots have a small number of on-board programming buttons: left, right, up, down, go, clear, and, pause.

**Year 3/4 students** program using LEGO WeDo robots. They design their own interactive machines, and then program them, experiencing the excitement of controlling a model with a program of their own making. They will learn about gears and gear terms--spur gears, crown gears, worm gears, drive and follower gears, idler gears, compound gears and gear ratios (gearing up and gearing down), and pulleys. They will learn about sensors (inputs) like sound, light, and tilt sensors to help make the robots more interactive.

**The year 5/6 students** use a more sophisticated programming language LEGO Education Mindstorms NXT.

Students use a computer to write the program needed to run the robot. They then download the program to the brick and test the robot to see if it works.

ROBOCUP

We are the 2013 and 2014 State Champions!

Robocup is the competitive side to Robotics. This year 5 teams will compete in the Dance competition where robots and children alike will “shake their groove thing” in synch with the beat. As well as programming, decorating their robot and making props, the students attend an interview where they are required to explain their programs, what they learnt from the experience and how they worked collaboratively as a team.

As well as well as building and programming robots, all student learn to code.

**Coding** is telling a computer what you want it to do, which involves typing in step-by-step commands for the computer to follow.

Code powers our digital world. Every website, smartphone app, computer programme, calculator and even microwave relies on code in order to operate.

Students code using the free apps Scratch, Hopscotch and Daisy the Dinosaur, and it is very important that the students have these apps installed on their iPads.

JAPANESE

In Japanese lessons at Roberts McCubbin our main aim is to develop in children a love of language learning through games, and hands on activities. Children will not become fluent in Japanese with 30 or 60 minutes instruction per week, however we hope to set them up with the skills to become life long language learners. Apart from the obvious benefits of being able to communicate with more people and make new friends, language learning is like a work out for the brain. Learning a language requires us to do lots of higher order or more complex and challenging thinking. Research shows that learning a language develops a child’s thinking skills and helps them be able to “think outside the box”. Research also shows that learning a new language improves children’s ability to communicate in their first language as well as their overall literacy skills.

In Japanese lessons at Roberts McCubbin we aim to maximise the children’s exposure to Japanese by immersing them in the language, which is spoken by the teacher about 95% of the lesson, and the culture. The children are not expected to understand every word they hear but to use their problem solving skills to look for gestures, pictures and the context to work out what the teacher is saying. Children are also encouraged to work together with their peers to make meaning and develop an understanding. Much the same way as children learn to use a range of strategies when they are learning to read in their first language.

Technology provides many brilliant opportunities for language learning and ipads and laptops are used regularly in class. Please keep your eye out for notices that come home asking you to download apps ready for a Japanese lesson.

Please have a look at our Japanese WIKI, there is a link to it on the schools webpage. There are a huge range of resources on there to explore and help children practise at home, including Youtube videos of some of the songs we sing in class.

If you would like to know more about the Japanese Program at RMPS please feel free to email me Vimpani.kelly.e@edumail.vic.gov.au

Kelly Vimpani—Japanese Teacher

PHYSICAL EDUCATION

Physical Education at Roberts McCubbin is based upon the acquisition of knowledge and skills that are the foundation for engaging in physical activity.

- Our aim is to empower all students to sustain regular, lifelong physical activity as a foundation for a healthy, productive and fulfilling life.
- Physical Education is a sequential educational program. It is based on physical activities undertaken in an active, caring, supportive and nonthreatening atmosphere in which every student is challenged and successful.
- Participation, safety and respect are a major focus of our program.

Tim Fearn-Wannan and Jayne McConnell—PE Teachers
Class Representatives for 2015

The following parents have kindly volunteered to be the Class Representatives in 2015 for your child’s class. There are still gaps and it would be great to have a have a full team together as soon as possible. Each class ideally needs 2 reps so please consider it.

Class Reps will be communicating shortly regarding rosters for the Fair. Then again through out the year as they organise class social events, liaise with your teacher regarding excursions and other ways to help within the classroom and support your teacher.

J6R morning tea
All J6R parents and carers are invited
for a morning tea to kick off the
2015 school year!
date: Friday 13 February
Time: 9:15 (after school drop off)
Place: Liquid Cafe
866 Canterbury Rd Box Hill South
(backs onto Aldi carpark)
Babies and toddlers welcome.
Hope to see you there!

J7S & J5P Morning Tea
Please come for a cuppa.
When: Monday 23 Feb
Time: 11am
Where: The Food Republic
(28 Blackburn Rd, Blackburn)
Hope to see you there.
Toddlers welcome
Government Help
Did you know federal and state governments offer a series of handouts, tax breaks and concessions to parents of school children? Not all families will qualify for the tax breaks but it’s worth reading up on your entitlements, especially at back to school time when expenses seem heavy. Find out about your entitlements and tax breaks at the Department of Human Services website: www.humanservices.gov.au/customer/themes/families

Do you need a Babysitter?

My name is Isabel Campbell, I am 18 years old and am looking for babysitting jobs. I am very responsible and I love kids. I am a university student and I live locally.

I have previous experience babysitting, including babysitting triplets and volunteering in an orphanage for three weeks where the children were aged from 0-5 years old. I also have completed a First Aid course.

Please feel free to phone or text me on 0403 420 676.

Do you need a Babysitter?

My name is Katherine Collins, I am 18 years old and have just finished Year 12 at Canterbury Girls and will be attending Deakin University this year. I’m interested in finding some babysitting jobs, I have a lot of experience in babysitting young children and participated in community service for school at Canterbury Childcare Centre. I also have my licence and can do school pick ups.

I can be contacted on 0438 490 312
Monday Morning Tea
In the school hall after assembly – all welcome!
Next Morning Tea: Monday 16th February

There is Morning Tea for all Roberts McCubbin parents/carers in the school hall after assembly. It is a casual morning tea and all parents, carers, grandparents and toddlers/pre-schoolers are welcome to join us for a cuppa and a chat.

Come and meet other parents in our school community and if you have any queries about what is going on at school or how you can get involved – there always someone there who can help out in some way! Hope to see you there next Monday!

Thank you to Giannina C for surprising us with your most delicious cake this week!

How to Be Involved with the School

We are very lucky at Roberts McCubbin that we have such a great community of parents, teachers and staff. As the year progresses, parents/carers will find many opportunities to be involved in the life of the school.

The PFA itself holds various events throughout the year for parents to come together and build a sense of community and belonging. We provide support for the teachers in a range of tasks and encourage parents to participate in all school activities and special events such as morning teas/walks, the school picnic, Mother’s/Father’s Day activities/stalls, Social Nights, Walkathon, children’s special activities, and fundraising drives.

We always need parents to help out and participate – we send notices and flyers home and there is always a mention in the newsletter too. PFA notice boards are also used to display our roster when we need “hands on” support with our activities.

Canteen helpers are most welcome – Izzy would love parent helpers to serve the children at the canteen window during recess and lunchtime on canteen days.

Perhaps you have the time in the morning to be classroom helper in your child’s class, our specialists classes would appreciate parent helpers too – just ask! There are sports days, school excursions and camps etc that provide opportunities to be involved and help out.

Class Rep is a wonderful opportunity to be involved with your child’s school year and be a part of the greater school community. And of course the Fair Committee and Art Show Committee would appreciate all levels of support from our parent community.

We do hope many parents/carers are able to be involved when the opportunity arises.

PFA Committee Meeting This Week
When: Thursday 12th February 7.30pm
Where: School Staffroom

The PFA holds monthly meetings to plan and organise our events for the year. If you would see what we get up to or be a part of the planning of our events, discuss other matters or bring something new to the table, just come along. There is no need to put your hand up for a task, your ideas and suggestions are welcome and all levels of participation are wanted!

We would love to have more support and more parents attending at our meetings, so if you are considering coming to a meeting, please do so. You may like to…

1: help organise an event
2: be part of a team
3: perform a small task or
4: simply contribute with ideas and feedback at our meetings

At this stage we are happy for you to come along and see what we get up to!

Any parent or carer with a child attending Roberts McCubbin Primary School can attend the PFA meetings. With more parents attending our meetings we can properly represent our school community. Further meeting dates will be advertised in the newsletter, including our AGM to be held in March.

Whole School Picnic Thursday 26th February
Save the date!

BYO: Picnic rug and food/dinner and drinks
Where: In the vicinity of the school oval

Get your picnic baskets ready and air out the picnic rug! The school picnic is booked in for the 26th February with a 5.00 start. It is a whole school picnic and on behalf of the school and the PFA we hope many families are able to attend as it’s a great school community event.

The picnic will be held in the vicinity of the school oval - BYO picnic dinner and drinks, picnic rug or comfy seats! There will also be icy-poles for sale during the picnic. A flyer will be sent home soon with more information.

Thought for the Week

“Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time.” – Thomas A. Edison.

The PFA Team

Glass Jars with Lids Needed

Do you have empty glass jars for our Gourmet Goodies at the Fair?

350gms and under

700/450mls (Spaghetti/Passata Sauce bottles)

1ltr/200gms or 250gms (Coffee Jars)

Please drop them off under the small table in the office foyer

Thank you
Dear Parents/Carers,

You are invited to attend three workshops which we will be presenting in February/March:

**Friday 20th Feb: ‘Helping Your Child Learn to Read’ - Session 1**

**Friday 27th Feb: ‘Helping Your Child Learn to Read - Session 2**

**Friday 13th March: ‘Parent Helpers in the Classroom - One Session Only’**

*These workshops are two different workshops, parents are encouraged to attend both.

The workshops will start at 9.10am and finish by 10.30am. All workshops will be presented in the Staff Room. Coffee and tea will be provided.

**We encourage all parents to attend these worthwhile and informative workshops.**

The ‘Parent Helpers Program’ will assist you to help in the classroom.

**Childminding is available but places are limited. Please return by Wed 18th Feb**

CLASS REPS claim your extra karma credits!

Thinking of being a class rep for your class in 2015? We’re really in need of a class rep for every class as soon as possible so we can start communicating regarding your stalls and the fair. So for extra karma credits, put your hand up and say “Yes”!

CLASS STALL ALLOCATIONS

Stalls for each class are in the process of being allocated. A newsletter will be sent home shortly plus you will receive communications from your class rep if you have one yet, with all class stall allocations.

FACEBOOK

Calling all parents with facebook!
Be sure to “LIKE” us to keep up with all the latest news and updates.

Simply search “Roberts McCubbin Primary School Fair”.

DONATION DAYS

WHEN: Friday 20 February
WHAT: Pre-loved books, toys and silent auction items
TIME: 8:15-9:15am & 3:00-4:00pm

Hands up if you spent part of the holidays de-cluttering and cleaning out cupboards? We’ll be holding our final collection for pre-loved books and toys and you can find us at the undercroft opposite the gym at the above times.

Also, if you have any new unwanted Christmas presents suitable for hampers we would love these for the silent auction! Drop off at the times above.

WHEN: Friday 27 February
WHAT: Chocolate blocks for Lob-A-Choc

There will be a Free Dress Day for chocolate block donations. Please only bring 220g Family Size Blocks as these will be used for the Lob-o-Choc game at the Fair.
2015 Class Stall List

Time to get excited and start Fair Stall preparations! The list below indicates the stall allocation per class for this year’s Fair. In the coming weeks we will be organizing a meeting with all Class Reps to brief them on what will be required for your class stall before and on the day of the Fair.

We rely on parent participation to ensure our stalls run smoothly and successfully so we greatly appreciate your time and assistance. Thanks in advance and we look forward to working with you all to make our Fair the most spectacular yet!

Strachan Eyecare

At Strachan Eyecare our Behavioural Optometrists have a special interest in children’s vision and learning.

Vision problems can be subtle so all children should have their eyes examined BEFORE commencing school and again every two years.

“Good grades begin with good vision”

---

The Drama School

Enroll Now for 2015 - 0401 902 886

At The Drama School we are proud that we let children be children. That within our strong, time proven framework we encourage exploration, connection and realization. We want our students to be surprised by their ideas and by others while respecting that which inhibits their learning or aspirations.

Drama respects childhood as it helps children to ‘unpack’ who they are and how they are fitting into the world.

For many years I’ve taught drama and been ‘gob smacked’ when I hear that children who truly shine through drama are struggling academically or experience social issues. Often in the drama room these children open new ways of thinking, creating, working and being.

Something happens as young people connect creatively, problem solve together, work towards a common goal.

Something happens when a child achieves in drama, perhaps speaking out for the first time, laughing for longer periods, making someone laugh, verbalising a great idea or shaping an exciting character for others to applaud and cheer.

At the Drama School we are not in the business of creating stars! If a child has the drive and ability to be a star in any field they will achieve no matter what and we will give them the essential foundations. We achieve this through our structured program, skilled direction and the attention given to every single individual.

Through The Drama School children will have a peak through the door of their own possibility as they are directed to that place by our instruction to every single individual.

We are in the business of taking each child to new understandings, to a world of possibilities, to a place full of life as,

“Once a child has experienced something they have it forever”

5 Fleet Street, Mount Waverley 3149
Ph: 9807 6011, web: www.waverleyclc.org.au or email: info@waverleyclc.org.au
**Program Update**

This year we have a new Coordinator, Elisabeth Templar. Elisabeth previously was the Coordinator of at Great Ryrie PS OSHClub program and is excited to now be part of the Robbie Mac team. Prep program has been a great hit and the preps are feeling more comfortable in OSHClub and making some new friends.

We finished our Guidelines Tree where all children can put their name on a leaf and add it to the tree when they have read and agreed to our guidelines.

This week we have a focus on Valentine’s Day and recognising the people in our lives that we love. We will also be creating a Wishing Well where children and parents can put their OSHClub wishes in the well of what they would like to see/do/eat at OSHClub.

Some of the activities next week include playground obstacle course, running races, paper plane making, origami, and robot building.

A reminder that in Term 1 all children must wear a hat and sunscreen when outside, no hat, no play.

A reminder that the program concludes at 6pm each evening with a $2.00 per minute charge thereafter. All children enrolled in OSHClub must have fully updated anaphylaxis/asthma/risk management plans if needed and any medications required are to be held at the facility. No pen, no plan, no play.

Thankyou

---

2015 RIDE BRACELET INCLUSIONS

**ANIMAL ARK**
Jumping castle with slide, climbing and bouncing area.
Age 2-12
No height restriction

**THE GIANT SLIDE**
Over 30 metres long and 10 metres high, the giant super slide is a favorite at our Fair for everyone.
Go on your own or race with a friend.
Age 3+
No height restriction

**MINIATURE HOT RODS CAR**
These are drivable by children or adults giving anyone a thrilling driving experience. All cars are equipped with a remote safety cut-off switch and run within an inflatable safety arena.
Age 5 to 105
Cars can sit 2 children or 1 child and 1 adult.

**KITE FLYER**
This exciting ride is at our Fair for the first time. Passengers lie horizontally giving the sensation of flying instead of sitting like most rides.
After buckling in, the ride turns and rises in the air for a thrilling and soaring sensation before gliding back to Earth.
Minimum height restriction of 1.05m if not accompanied by an adult

**NOVELTY TOY SET**
This is a fun ride with endless variety for everyone. Children can take a ride in the teacup, racing car, space jet or army tank.
Age 4-12
Adults can ride in the teacups
No height restriction

**ANIMAL FARM**
Come feed and cuddle some of the most beautiful baby animals.
Feed included.

**CHA CHA**
This ride has 3 spinning arms which are connected with passenger cars. These cars move in a zigzag circular movement. The riders experience the illusion that they will crash into the other spinning cars.
Minimum height restriction of 1.1m

**BAD BOYS MUSIC TRIP**
A thrilling ride that will keep everyone going all day long. The music trip moves from side to side in a clockwise and anticlockwise direction, building up momentum until it reaches the top.
Minimum height restriction 1.3m

See you there for all the fun of the fair!
