Last week I was very privileged to be able to travel to Japan with a group of principals and departmental administrators from around Australia on the inaugural Japan Foundation School Leadership Fellowship Tour. The trip incorporated official business with visits to The Japan Foundation Head Office, the Australian Embassy, the Japanese-Language Institute and the Saitama Municipal Urawa High School in Tokyo and the Kyoto Higashiya Izumi Primary School in Kyoto. The aim of the trip was also to engage in some of the culture of Japan which included visits to the Mori Art Museum, several temples, both Buddhist and Shinto, the TEPIA Advanced Technology Gallery, staying in a traditional Japanese hotel and travelling to Kyoto and back from Tokyo on the Bullet Train. Our final activity on Saturday afternoon was to visit the Tokyo Skytree. It was a wonderful opportunity to create further networks with school leaders and hear about their schools and language programs.

USE OF iPADS

Late last year Ash van Hattum sent me these thoughts while on his trip overseas.

As I sit at the airport looking forward to the next adventure in Iguazu Falls, I think about how technology is used by all sorts of people from different countries, religions, ages and expertise. The other night at a Tango dinner and show in Buenos Aires, there was a young couple with a child aged 2 or 3. Their use of technology was to give their child an iPad so they could get some ‘adult time’ and watch the show. Mind you it was like 10:30pm before the show even started! Don’t get me wrong, I have no problem with the iPad being used this way. Parents use it all the time to get some adult time back or just to get things done, like in shopping centres, restaurants, gyms, meetings, etc. It has become a commonly acceptable practice…. But... We need to make clear that the use of technology in a school is a completely different scenario. It is not a babysitting tool to make it easier for the teachers! In fact, the amount of dedication, research, creativity and enthusiasm of behalf of the teachers to find the right activity or website to cater for their children is amazing. The iPad is another tool in the classroom that makes learning for the students fun, engaging and relevant to them.

The acceptable use agreements and the work that goes into the appropriate use of technology at Roberts McCubbin Primary School is comprehensive. It allows the students to become responsible online users and the iPad is a tool to help us promote this. The apps for school use have been chosen not to replace teaching, but to allow the students to explore, to help explain and reinforce what they have learnt. The strict enforcement through our digital licence system ensures that the use of games and websites that do not comply with our acceptable use agreements are not allowed to be used at school. We do not think that the iPad is a game machine or a babysitting tool! It is not used to give us some ‘Teacher time’, to get other jobs done. The iPad at RMPS is used for educational purposes guided by thorough research, professional development and planning.

Anybody who uses the iPad or any sort of technology use it for their own purposes. May that be keeping an online blog, managing your shopping, playing games, researching travel destinations or whatever the technology allows. Travelling in South America so far, it is obvious that iPads have certainly reached all over the world and are being embraced enthusiastically, nothing new I know, but to see it in action in different contexts is amazing.

Our context at Roberts McCubbin Primary School is a tool for learning. A tool that the students can use to explore, extend, explain, reinforce and engage in their learning.

As a school we are proud users of technology to engage our students and enhance their learning.

Marg Pickburn, Principal
School Council

Thank you to the parents who nominated for School Council. We have enough nominations to fill all the vacant positions and therefore we will not need to hold an election. All executive positions on Council will be declared vacant at the next School Council Meeting on March 23rd.

Congratulations to the duly elected School Council representatives listed below and I look forward to working together to further strengthen and improve Roberts McCubbin Primary School.

Thank you to Adam McCann who has offered to take on the role of School Council Treasurer.

Introducing our 2016 Eco-Captains!

As an Eco-Captain, I am looking forward to...

“Getting my badge.” – Xavier

“Making sure there’s no rubbish in the yard” – Marlo

“Speaking at assembly.” – Frankie

“A clean and tidy yard.” – Charlie

Wrapper Free Lunches

We can continue to reduce the amount of rubbish around the school by decreasing packaging in students’ lunchboxes.

Where possible, please pack your child a wrapper free lunch, and keep an eye out in the newsletter for our Top Tips, which will give you hints and advice on all things Nude Food and Sustainability!

If you are interested in helping out with our quest to become a more eco-friendly school, please contact Steph Bates J88, Margie Hardy SH or Michael O’Donovan 34D.
What’s Growing in the Robbie Mac Garden?

Well, after being rained-out last week, we were back in force with a HUGE group of lovely students and parent-helpers this week, which was so fantastic to see!

We began by digging up the soil in preparation for some rich compost to go on top. Next, we built a tee-pee, fit for our new bean shoot seedlings. We also planted mini-cauliflower seedlings, strawberries and raddish in our seasonal fruit/veg plot.

Finally we spread mulch down, which will hopefully help to retain water for our new plants, in the heat-wave to come!

We harvested our little cherry tomatoes, which many of our little gardeners took home to eat! Finally, a big welcome (and thank you!) to our new parent helper, Trish who has joined our gardening tribe, as well as parent helpers, Siobhan and Sonia.

If you or your child is interested in helping out with the garden, or you are able to donate any gardening equipment or supplies (or expertise), please speak to Ms Anita Siggins in J4S siggins.anita.a@edumail.vic.gov.au or Mr Tristan Liao in J2L liao.tristan.t@edumail.vic.gov.au

Year 7 @ Whitefriars

The staff of Whitefriars College would like to acknowledge the very sound preparation that you have given Hugh for his secondary schooling.

He is an enthusiastic student who has started the year with great energy and purpose. We very much appreciate the way in which you have assisted us with the transition process and see that partnership as being a key to the boys having a successful secondary school experience. You can be justly proud of his efforts.

PARENTING INFORMATION FORUM

Supporting Parents, Grandparents and Carers

LET’S TALK ABOUT DRUGS AND ALCOHOL

By the time they hit late Primary to early Secondary School it’s likely that a child has already been exposed to drugs and alcohol in some way—whether through friends, television, movies, books, family members or the internet.

It is also pretty likely that they’re starting to form their own opinions and attitudes towards drugs and alcohol so it’s important for parents, grandparents and/or caregivers to help guide the conversation around prevention and harm minimisation. The more knowledgeable, informed and prepared you are, the better equipped you are to be a source of information and guidance.

Linda and Anthony from YSAS’s Reconnect Family Support Service will provide parents with current information about youth drug and alcohol use and provide guidance to parents on how to broach this often difficult topic to ensure it’s a conversation rather than a lecture. They will also provide information and support to parents who believe alcohol or drug use is becoming problematic.

YSAS’s Reconnect Family Support Service aims to reduce youth homelessness by improving the connections that young people aged 12-18 have with their family, work, education and the community, whilst simultaneously addressing substance use issues. Support is offered to both the young person and their families using solution-focused family counselling approaches.

Before School / After School Care Program

Program Update
During our ‘Being Green Week’ children enjoyed playing with recycled and natural materials. They worked cooperatively building a cardboard cashier and shapes on the sand. We’ve also started to reduce our paper and water waste. We have been offering homework time after 5pm, giving everyone a chance to get started with the assistance of their friends and our educators.

We’re asking for ongoing donations of interesting everyday items, such as broken electronics, toys, etc. to deconstruct to observe how they work.

Pupil Free Day On 10th and 11th March we will be running our program from 7:00am to 6:00pm. We have been planning exciting activities. Children are allowed to bring their wheels (bikes and scooters) both days. Please book these in advance.

Important Notice Term 1 means hats and sunscreen, no hat no play. If you would like your children to keep a spare hat here at OSHClub please label it and it will be kept in the hat box. If your child is sensitive togeneric sunscreen please provide your own that is ok. All children who go outside must wear sunscreen and a hat.

A friendly reminder that the program concludes at 6pm each evening with a $2.00 per minute charge thereafter. If you are running late please contact us to let us know. All children enrolled in OSHClub must have fully updated anaphylaxis/asthma/risk management plans if needed and any medications required are to be held at the facility. No pen, no plan, no play.

Thankyou
